

Brief Report
On
State Budget Implementation in April 2017

I. Introduction

As of April 2017, Cambodia's economy remained robust which supported by garment, real estates, and tourism sector. With momentum growth and favorable macroeconomic management, fiscal consolidation has remarkable progress that has demonstrated the concerted efforts in mobilizing revenue and prudent spending.

II. Revenue Performance

In April 2017, Central government has achieved total domestic revenue of KHR 1,498.54 billion, increased by 13.95 percent compared to April 2016 due to the rise in tax on profit, VAT and excise tax.

Overall, as of April 2017, total domestic revenue has reached KHR 5,744.89 billion which accounted for 3.38 percent higher than budget law or grew by 18.50 percent compared to the same period of 2016, in which the revenue collection from General Department of Taxation increased by 39.38 percent and Department of Non-Tax Revenue increased by 52.73 percent. By tax type, total tax revenue and non-tax revenue increased respectively by 17.23 percent and 41.56 percent due to the rise in direct tax, indirect tax and some non-tax revenue type such as tourism and Visa and related fee. This momentum increase in revenue collection reflects the efficiency and effectiveness of current reform on Revenue collection administration which focuses on strengthening taxpayer registration, auditing, strengthening civil service delivery to taxpayers, anti-smuggling efforts, and modernizing tax and custom administration.

III. Expenditure Performance

In April 2017, expenditure of central government has achieved KHR 826.56 billion, contracted by 11.69 percent compared to April 2016 due to the drop in capital expenditure.

As of April 2017, total expenditure has reached KHR 3,976.5 billion, which accounted for 12.96 percent lower than budget law but increased by 20.40 percent compared to previous

year due to the rise in expenditure on security and defense and general administration. In addition, the expenditure by Programme Budgeting Ministries has shown to have better performance than that of the previous year. This better performance of expenditure reflects the improvement of the spending procedures and clearer understanding of the procedures and guidelines.

IV. Budget Balance

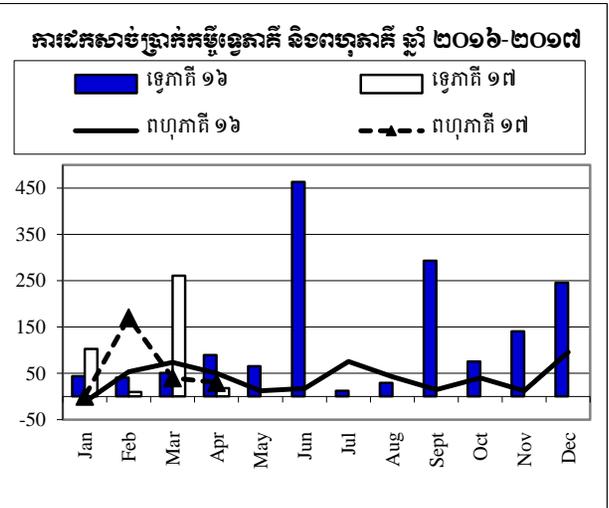

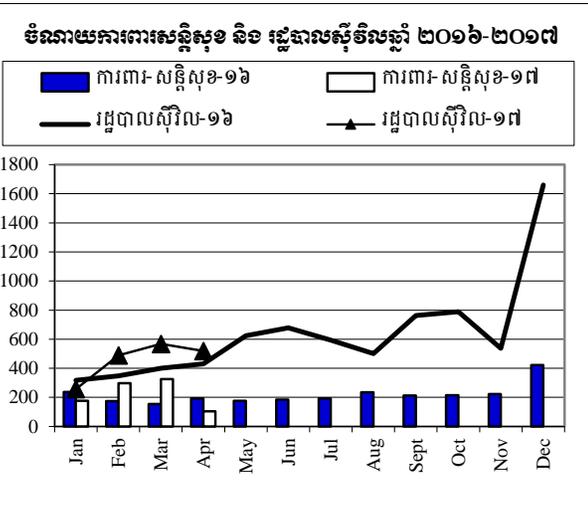

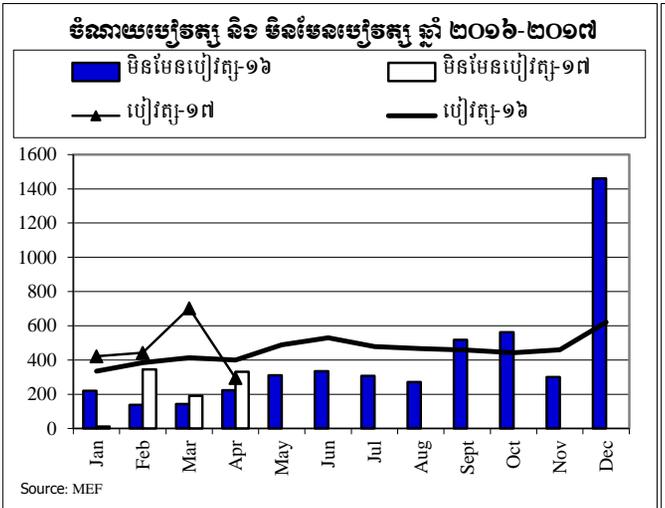

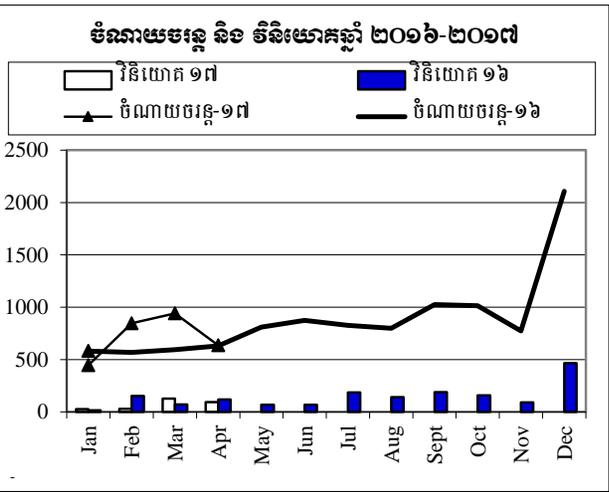

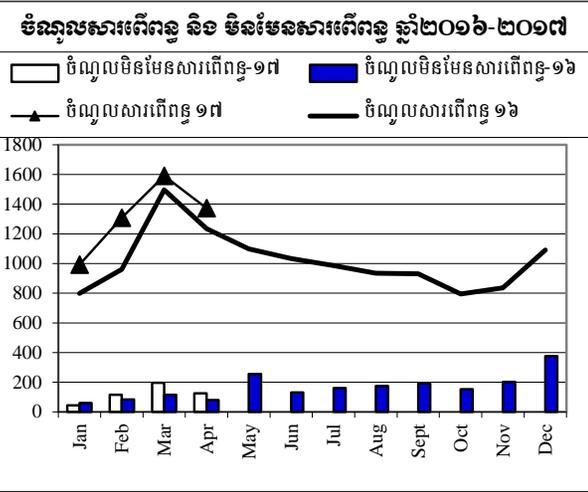

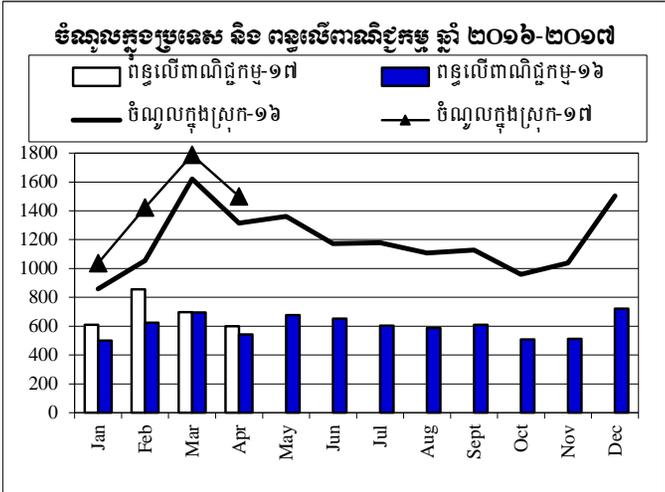

In April 2017, the current budget balance has achieved surplus of KHR 862.93 billion and overall budget balance has achieved surplus of KHR 671.97 billion. Overall, as of April 2017, current budget balance and overall budget balance have achieved surplus of KHR 2,806.53 billion and KHR 1,697.52 billion.

V. Conclusion

As a result, as of April 2017, the budget implementation has improved notably as revenue collection has achieved its target and expenditure has a better performance than the previous year, although it is lower than its target. This improvement is driven by the concerted effort of Ministry of Economy and Finance in the implementation of Revenue Mobilization Strategy, Public Finance Management Reform Programme.
