State Budget Implementation in August 2020

Brief Report

According to the Budget Law 2020, Cambodia's economic growth during the year is projected at 6.5%, but the growth is projected to grow negatively at an unprecedented rate of 1.9%. The projected negative growth is due to the rapid spread of the COVID-19 disease which has been slowing external demand and pushing many countries, especially Cambodia's key trading partners.

In August 2020, according to the National Treasury preliminary data, the budgetary central government achieved the total domestic revenue of KHR **1,364.07** billion or in equivalent to **5.66** percent against the 2020 budget law, signifying the significant decrease by **36.32** percent compared to the same month in 2019. Of the total domestic revenue in August, the tax revenue accounted for KHR **1,276.86** billion and non-tax revenue for KHR **81.52** billion. As of August 2020, the total domestic revenue has been achieved by KHR **13,857.02** billion or in equivalent to **57.52** percent against the 2020 budget law, marking the decrease by **11.67** percent compared to the same period last year. The contributions to the decline consist of a **11.69** percent decrease in current revenue, of which **8.29** percent from tax revenue and **3.40** percent from non-tax revenue.

In August 2020, the budgetary central government, on the other hand, executed the total expenditures of KHR **2,473.65** billion or equal to **8.25** percent against the 2020 budget law, substantially increased by **41.32** percent compared to the same month last year. As of August 2020, the total expenditures have been achieved KHR **16,350.88** billion or equal to **54.52** percent against the 2020 budget law, marking the increase by **21.22** percent compared to the same period last year. The accumulated current expenditure execution has reached KHR **10,297.34** billion, increased by **8.72** percent compared to the same period last year.

Based on this preliminary data, in conclusion, the implementation of the accumulated domestic revenue collection has decreased by **11.67** percent while the expenditure execution considerably increased by **21.22** percent. As a result, the overall budget balance has the deficit of KHR **2,493.85** billion.
