

Brief Report
On
State Budget Implementation in March 2018

I. Introduction

In the early 2018, Cambodia's macroeconomic conditions remain stable supported by stable exchange rate and manageable inflation rate. With momentum growth and favorable macroeconomic management, fiscal consolidation has been improved substantially given the current administrative reforms, the implementation of Revenue Mobilization Strategy and Public Financial Reform Management Programme.

II. Revenue Performance

According to National Treasury preliminary data, in the first quarter of 2018, Central government has achieved total domestic revenue of KHR 4,083.13 billion, accounted for 23.1 percent of budget law or dropped by 5.3 percent compared to the same period in 2017, in which direct tax revenue decreased by 38.9 percent and non-tax revenue dropped by 4.2 percent.

III. Expenditure Performance

According to National Treasury preliminary data, in the first quarter of 2018, total expenditure of central government has reached KHR 3,363.93 billion, accounted for 14.7 percent of the budget law, in which total current expenditure has achieved KHR 2,824.39 billion, accounted for 18.4% of the budget law or grew by 26.3 percent compared to 2017. This expenditure has shown to have better performance than that of the previous year which reflects the improvement of the spending procedures and clearer understanding of the procedures and guidelines.

IV. Budget Balance

In all, in the first quarter of 2018, the current budget balance has achieved surplus of KHR 1,245.85 billion and overall budget balance has achieved surplus of KHR 719.2 billion.

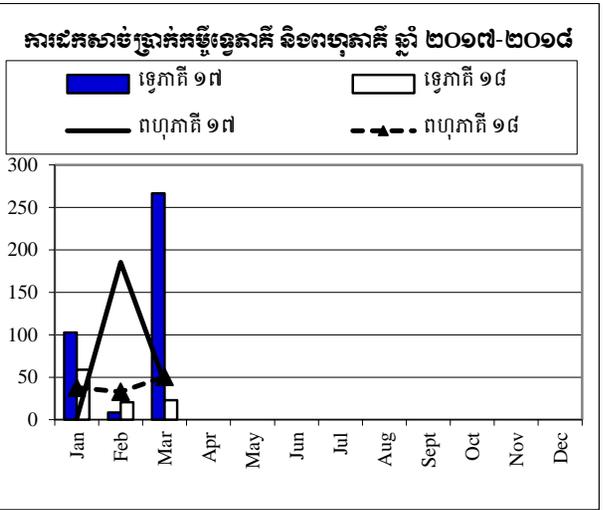

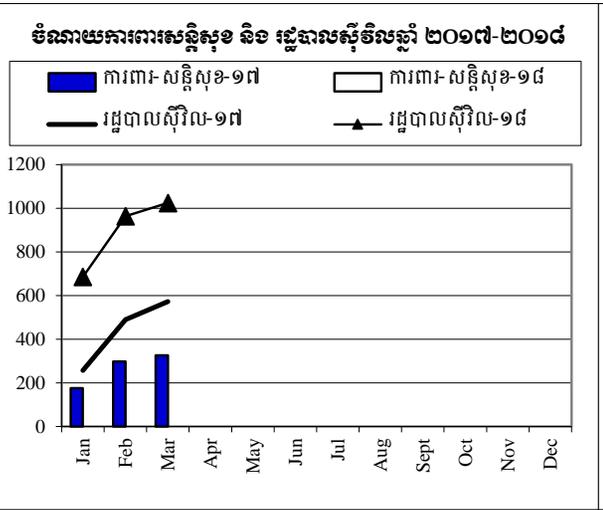

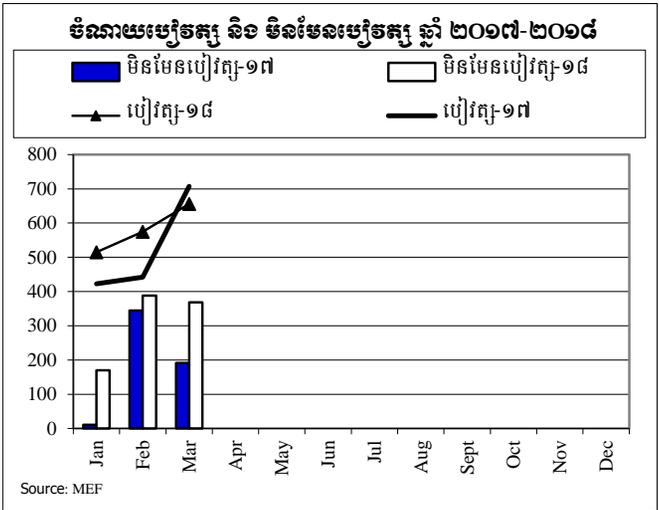

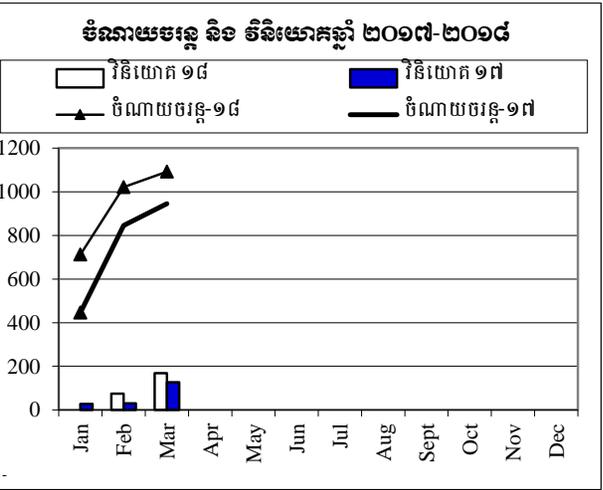

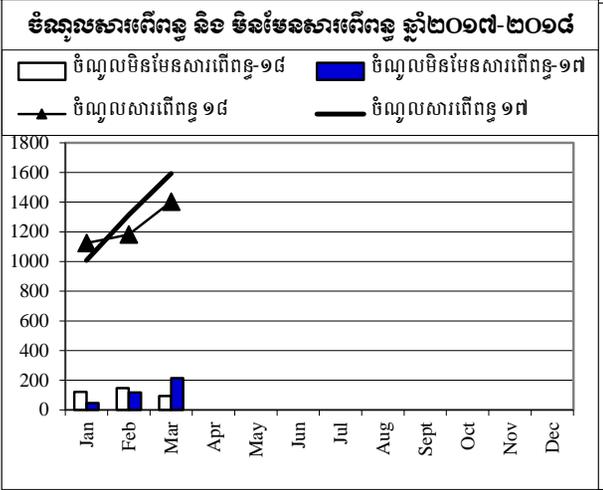

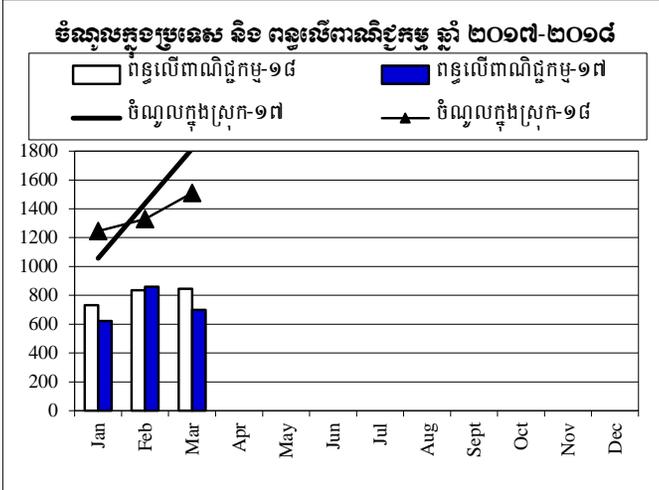

V. Conclusion

The improvement of budget implementation is driven by the concerted efforts from the Ministry of Finance in strictly implementing Revenue Mobilization Strategy and Public Finance Management Reform Programme to ensure growth in revenue mobilization and ensure efficient spending.
