1.Brief Note

Taking into consideration the current economic conditions of the Cambodian economy, the 2022 budget law has been prepared in line with the priorities of restoring and promoting the growth and revitalization of the Cambodian economy – society, expecting a 5.6 percent growth rate in 2022. As a result, the state budget was implemented as follows:

As of February 2022, the implementation of the domestic revenue of the Budgetary Central Government (BCG) reached 3,171 billion riel, equivalent to 14.26% of the 2022 budget law, which is similar to the implementation in the same period in 2021. Of which, tax revenue reached 15.17% and non-tax revenue reached 5.35% of the 2022 budget law. Based on the historical trends of revenue performance over the past years, coupled with the recovery of Cambodian socio-economic activities, the revenue performance of 2022 is on track to meet targets set out in the 2022 budget law.

As of February 2022, the implementation of total expenditure of the BCG reached 3,101 billion riel, equivalent to 9.97% of the 2022 budget law, a decrease of 7.34%, of which current expenditure reached 2,148 billion riel decreased by 12.67%, while capital expenditure reached 953 billion Riel, an increase of 7.43% compared to the same period of 2021. Overall, the budgeted expenditure for 2022 upholds the premise of minimizing unnecessary spending while shifting the priority to further combat the consequences of the Covid-19 pandemic.

Amid the COVID-19 pandemic, the Royal government has carefully and effectively managed and utilized the total financing, which is able to sustain the above implementations in a timely manner. As of February 2022, the total implementation of foreign financing reached 192 billion riel, or 2.81% of the budget law, while the total government deposits amounted to 129 billion riel.
