1. Brief Note

Given the ongoing COVID-19 situation, high vaccination rates, and the reopening of the country, domestic economic activity in Cambodia has been able to return to normal. Meanwhile, the Royal Government has continued the social intervention measures, such as the implementation of social assistance programs to help poor and vulnerable families, the cash for work program, and the execution of proactive targeted spending and strengthening cost efficiency. As a result, the state budget within the first 8 months of 2022 was implemented as follows:

The implementation of the domestic revenue of the Budgetary Central Government (BCG) reached 16,712 billion riels, equivalent to 75.14% of the 2022 budget law, an increase of 23.81% compared to the same period in 2021, of which, tax revenue increased by 24.65% and non-tax revenue increased by 16.17%. Based on the historical trends of revenue performance over the past years, coupled with the recovery of Cambodian socio-economic activities, the revenue performance of 2022 is on track to meet targets set out in the 2022 budget law.

The implementation of the total expenditure of the BCG reached 16,139 billion riels, equivalent to 51.89% of the 2022 budget law, a decrease of 8.42%, of which current expenditure reached 10,938 billion riels decreased by 2.41%, while capital expenditure reached 5,200 billion Riels, a decrease of 18.93% compared to the same period in 2021. Overall, the budgeted expenditure for 2022 upholds the premise of minimizing unnecessary spending while shifting the priority to further combat the consequences of the Covid-19 pandemic.

Amid the COVID-19 pandemic, the Royal Government has carefully and effectively managed and utilized the total financing, which is able to sustain the above implementations in a timely manner. The total implementation of foreign financing reached 3,204 billion riels, or 46.95% of the budget law, while the total government deposits amounted to 49 billion riels.
