1. Brief Note

Given the ongoing COVID-19 situation, high vaccination rates, and the reopening of the country, domestic economic activity in Cambodia has been able to return to normal. Meanwhile, the Royal Government has continued the social intervention measures, such as the implementation of social assistance programs to help poor and vulnerable families, the cash for work program, and the execution of proactive targeted spending and strengthening cost efficiency. As a result, the state budget within the first 9 months of 2022 was implemented as follows:

The implementation of the domestic revenue of the Budgetary Central Government (BCG) reached 18,638 billion riels, equivalent to 83.79% of the 2022 budget law, an increase of 24.81% compared to the same period in 2021, of which, tax revenue increased by 25.31% and non-tax revenue increased by 20.90%. Based on the historical trends of revenue performance over the past years, coupled with the recovery of Cambodian socio-economic activities, the revenue performance of 2022 is on track to meet targets set out in the 2022 budget law.

The implementation of the total expenditure of the BCG reached 18,088 billion riels, equivalent to 58.16% of the 2022 budget law, a decrease of 10%, of which current expenditure reached 12,195 billion riels decreased by 4.20%, while capital expenditure reached 5,893 billion Riels, a decrease of 20.02% compared to the same period in 2021. Overall, the budgeted expenditure for 2022 upholds the premise of minimizing unnecessary spending while shifting the priority to further combat the consequences of the Covid-19 pandemic.

Amid the COVID-19 pandemic, the Royal Government has carefully and effectively managed and utilized the total financing, which is able to sustain the above implementations in a timely manner. The total implementation of foreign financing reached 3,380 billion riels, or 49.54% of the budget law, while the total government deposits amounted to 25 billion riels.
